ALTITUDE WATER

Altitude Water

T-100

Water Environment Community

Application:	Residential Homes, New Construction, Apartment Complexes, Farms, Greenhouses, Restaurants, Bistros, Marine, Hospitals and anywhere there is a need for 100 USG a day.
Key Benefits:	• Pure water production and purification 24/7. • A true green solution for water sustainability. • Filters the air with Anti-Bacterial filter. • Extracts moisture from the air to produce pure drinking water. • EnviroGuard Ozone System destroys and removes all bacteria and impurities from stored water.
Competitive Advantages:	Patented EnviroGuard purification system controlled by proprietary software developed by Trident Water. Competitive uses imported, outdated and ineffective ultra-violet purification/reverse osmosis filtration systems that only provide limited purification on a temporary basis that does not normally allow safe, bacteria free storage of drinking water.
Touch Screen Operation	Wi-Fi compatible
Storage Tank	50 gallons or 189 liters – additional storage can be added if needed.
Water Production:	Up to 185 gallons per 24-hour day at optimal environmental conditions.
Ozone Treatment System Patent Protection	U.S. Patent 7,272,947
Filtration System	Carbon block filter with Calcite filter to increase pH to Alkaline Water.
Electrical Characteristics	220V 50 Hz or 60 Hz – Single Phase or Three Phase
Dimensions	44 ½" L x 29 ½" W x 62" H or 113cm L x 74.3cm W x 157.5cm H
