ALTITUDE WATER

Altitude Water

Trident 12 (T-12)

Water Environment Community

Application:	Residential Homes, Condos, Offices, Spas, Clinics, RVs, Marine, Schools, Survivalists use and anywhere there is 5 gallon water dispensers, well water or bulk bottled water being used.
Key Benefits:	• Pure water production and purification 24/7. • A true green solution for water sustainability. • Fully replaces the need for bottled water or water purifier on faucets. • Filters the air with a MERV-13 air filter. • Extracts moisture from the air to produce pure drinking water. • EnviroGuard Ozone System destroys and removes all bacteria and impurities. • Water dispenses chilled.
Competitive Advantages:	Patented EnviroGuard purification system controlled by proprietary software developed by Trident Water. Competitive uses imported, outdated and ineffective ultra-violet purification/reverse osmosis filtration systems that only provide limited purification on a temporary basis that does not normally allow safe, bacteria free storage of drinking water.
Touch Screen Operation	Wi-Fi compatible
Storage Tank	7 Gallons or 26.5 Liters.
Water Production:	Up to 12 gallons per 24-hour day at optimal environmental conditions.
Ozone Treatment System Patent Protection	U.S. Patent 7,272,947
Filtration System	Carbon block filter with Calcite filter to increase pH to Alkaline Water.
Electrical Characteristics	110V / 60 Hz or 220V / 50 Hz
Dimensions	16” L x 22” W x 40” H or 40.6cm L x 56cm W x 101.6cm H
